World Class Durability

Our marine grade vinyl is milled to our stringent specifications to ensure long-lasting durability and beauty. The leather-like grain and soft texture gives our seats a rich appearance yet can withstand all weather conditions.

You'll find our color palette makes coordinating seats and interiors for late model boats a breeze!

Performance Marine Seating

Premium Pontoon Furniture - "Wave"

Action's pontoon furniture delivers supreme comfort, sleek looks and outstanding durability. These seats feature a plush, contoured design to give you the highest level of day-to-day comfort. Our maintenance-free furniture features high-density, polyethylene finished bases that are colored matched to the seats and strong co-polymer backs and bottoms. Each seat is made with UV-treated, mildew-resistant, marine grade vinyl and feature aluminum hinges that are corrosion proof to withstand moisture. To eliminate pooling water, the seat bases also feature drain holes. The boat seat frame has a 5-year warranty.

- Stainless and corrosion treated hardware
- Color matched plastic cup holders
- High density, high compression virgin foam padding
- Moisture barrier covering foam
- All foam glued to plastic structures
- UV stable and mildew resistant 28 oz. marine grade vinyl
- Easy and quick assembly
- All furniture units ship UPS, FED EX, or by truck line
- All plastic seat frames provide 5-year warranty
- Marine vinyl comes with 2-year warranty

Create Your Own Custom Pontoon Layout

Checklist

- Measure "A" distance between Port and Starboard rails.
- (Add 1" extra spacing for vinyl and foam). Most boats are 89" to 93"
- Measure "B" distance between rear rail and side gate.
- Measure "C" distance between front rail and side gate.
- Check corners "D" - round or square?
- Note: Measure inside of rails and account for rail support braces.

Notes

Uncompromising Craftsmanship

Action's boat seat technicians have an average of 20 years experience sewing, assembling, and fitting your boat seat. Our team takes great pride in making your seats right...
...right here in the heart of North America.

Contoured Makes the Difference

Action's external frame boat seats are becoming more popular every year. The extra wide, contoured seating surface and a curved seat back provides customers with more stability and reduces fatigue better than standard boat seats. These seats contain U.V. inhibitors and come with a 1-year warranty against cracking, breaking or warping.

Superior Stability

Action's internal seat frames are designed with a light weight frame that doesn't sacrifice strength. We use only prime grade copolymer resins and we continually test our frames for consistency and quality. That's why we can provide your customers with a 5-year warranty against breaking, cracking and warping.
